This would replace the securities from Bankers Bank currently provided as collateral. This is a new method of security recently allowed by State Statute that some municipalities are using as it makes monitoring slightly more efficient for the Village and is easier to manage for the bank. No action was taken on this item as the Committee generally found the proposal favorable but requested more feedback for a future meeti

## VILLAGE BOARD SUMMARY SHEET

**MEETING DATE:** Wednesday, October 17, 2018

**SECTION:** Business

**DEPARTMENT:** Administration

**CONTACT:** Matt Schuenke, Village Administrator

**AGENDA ITEM:** Presentation regarding the 2019 Budget for the General Fund (100) and Capital Projects Fund (400).

**PREVIOUS ACTION:**

### ISSUE SUMMARY:

The draft 2019 Budget was distributed to the Village Board for review at their meeting on September 24, 2018. They will work through the document page by page reviewing the details of what has been proposed. Final changes submitted by the Village Board will be done so by November 1st and reviewed for inclusion on November 8th. A public hearing will be held on November 26th which following an ordinance will be presented to adopt the budget as they are agreeable.

Included within your packets are the fund summaries for those funds dependent on the property tax levy as well as summaries specifically for the General Fund and Capital Projects Fund. This information will be presented and discussed in the meeting.

Also at the meeting, we will discuss this proposed budget in relation to levy limits, expenditure restraint, and the performance of our retiree fund as separate agenda items.

[Please click on this link to view](#) a full copy of the budget on the Village website.

### FINANCIAL/BUDGET IMPACT:

**General Fund** - Overall the total expense for the General Fund is expected to decline slightly by around \$78,250 or a reduction of 0.95%. The Property Tax Levy; however, will increase by 3.88% or by \$228,000 to a level of \$6,099,500 from the previous year. This will lead to a significant decrease in the tax rate because the Village's assessed value will increase from the previous year. The total assessed value in 2017 was \$867 million and it is projected to grow over \$942 million in 2018. This allows for the levy to be spread amongst more of the tax value causing the rate to drop. The Village rate in last year's budget was \$7.09 per thousand and for next year is projected to drop to \$6.78 per thousand which amounts to a decrease of 31 cents or a reduction of 4.38%. Property owners of a median valued home the last two years would see an

increase in their actual payment of around \$25 or an increase of 1.46%.

**Capital Projects Fund** - The main source of revenue to fund capital projects is borrowed money. There are funds from other sources as well as tax levy but the money for the projects mainly comes from borrowing. The amount proposed to be borrowed next year is around \$3.9 million and slightly less than the year before. The use of fund balance is proposed as some past borrowings have not expended funds as much as expected allowing those un-expended bond proceeds to be used for future purposes. Additionally the tax levy for this fund is increased from \$300,000 the previous year to \$310,000.

All of which of course is subject to change as the Village Board completes its review.

## **VILLAGE BOARD SUMMARY SHEET**

**MEETING DATE:** Wednesday, October 17, 2018

**SECTION:** Business

**DEPARTMENT:** Administration

**CONTACT:** Matt Schuenke, Village Administrator

**AGENDA ITEM:** Review of the 2018 Municipal Levy Limit Worksheet as it relates to the proposed 2019 Budget.

**PREVIOUS ACTION:**

### **ISSUE SUMMARY:**

Annually the Village must comply with tax levy limits that set how much money the Village can raise to support its budget. The formula works by picking up where the levy was approved the year prior and removing whatever debt service was applied as a an adjustment. A growth factor is applied for net new construction which the Village received 3.42% as a result of new development from the previous year. Then new adjustments for debt service and carry forward are applied to come up with the limit. There are three adjustments proposed for 2018 including the use of debt service, unused levy capacity from 2017, and for property annexed in 2018. As proposed, the budget is presented within the limitation set for our tax levy.

### **FINANCIAL/BUDGET IMPACT:**

The levy limit for 2018 is presently set at \$6,100,666 and the levy was initially proposed at \$6,099,500 leaving approximately \$1,166 of unspent funds.

## VILLAGE BOARD SUMMARY SHEET

**MEETING DATE:** Wednesday, October 17, 2018

**SECTION:** Business

**DEPARTMENT:** Administration

**CONTACT:** Cassandra Suettinger, Village Clerk/Treasurer

**AGENDA ITEM:** Presentation regarding the feasibility of future inclusion within the State Expenditure Restraint Program.

**PREVIOUS ACTION:**

N/A

**ISSUE SUMMARY:**

The expenditure restraint program is administered through the Wisconsin Department of Revenue as a program to provide aid to qualifying municipalities that limit growth in spending. A municipality qualifies for the ERP payment if they meet two conditions:

1. The municipal property tax rate must be at least five mills.
2. Its municipal budget for the year before payment has not increased over the prior year's budget by more than an inflation factor plus a valuation factor.

This ERP notice does not generally get published until the end of October (last year's notice was emailed to the Village on October 25, 2017). So as of today's date, the Village has not received information on the final ERP limits for the 2019 budget. However, using last year's budget limit to provide an estimate, the Village appears to be in great shape to get back into the Expenditure Restraint program and receive the aid payment in 2020. Staff calculates the Village would need to reduce its current budget submittal by only approximately \$10,000 to qualify.

It is important to note this calculation is based on the initial budget submittal which will still be subject to change as we receive notices regarding final estimates on 2019 state aid/revenue. Staff will provide an update on the Expenditure restraint program once the final numbers are received from the WI DOR, and submit the budget limit to the Board for consideration as they make changes to the budget.

**FINANCIAL/BUDGET IMPACT:**

The expenditure restraint payment is generally around \$120,000.

**AGENDA ITEM:** Presentation regarding fund balance analysis of the projected performance of the Retiree Fund (700).

**PREVIOUS ACTION:**

### **ISSUE SUMMARY:**

Attached is an updated summary and projected performance of the Retiree Fund. During the 2017 audit, staff worked with the auditor to clean up and combine all previous accounts in the general fund associated with retiree sick leave fund balances. This process fully segregated all funds into the 225 fund established for this purpose. We also now have a complete and organized view of the fund balance of the retiree sick leave account. The financial forecast would indicate stability for the near future with the \$50,000 per year contribution. Obviously the fund will need to be monitored from year to year to evaluate the fund contribution against projected retirements to ensure funding is adequate.

## VILLAGE BOARD SUMMARY SHEET

**MEETING DATE:** Wednesday, October 17, 2018

**SECTION:** Business

**DEPARTMENT:** Administration

**CONTACT:** Matt Schuenke, Village Administrator, Cassandra Suettinger, Village Clerk/Treasurer

**AGENDA ITEM:** Discussion and recommendation to the Village Board regarding the creation of a standard contract for use with certain Village contractual agreements including specific revisions to the Purchasing Policy (Chapter 10) to implement the use thereof.

### PREVIOUS ACTION:

### ISSUE SUMMARY:

Included within your packet are two documents submitted for consideration. The first of which is Exhibit A that is the draft standard contract. A draft of this had been submitted previously with revisions and questions from the Village Attorney at your last discussion on this from March. These issues have been addressed and the Village Attorney has approved this document for use.

The second document is the Purchasing Policy. A draft of this with proposed revisions was also included for review in March. This policy was rewritten in its entirety in 2017 and the revisions put forth today are presented for the sole purpose to provide the guidelines in which to use the previously mentioned standard contract which is referenced as an exhibit within the policy. A summary of the material changes within this policy are provided as follows:

- **Section 10.03(i)** - This is the first reference to the inclusion of standard contract within the policy making its use one of the guidelines to follow.
- **Section 10.05(c)** - With the standard contract listed as a guideline, this sub-section was added to implement how and when it is to be used. Essentially anything reasonably expected to be over \$25,000 in cost and that is not otherwise a public construction project. The Village Attorney and Board has some discretion if changes are needed based on the type of contract.
- **Section 10.05(d)** - There will be times when the Village needs to hire an architect and engineer in which there is a standard contract established already for those professions. This will be employed for use under the discretion of the Attorney and approval of the Village Board without creating our own standard for this purpose.

- **Section 10.06(c) and (e)** - Definitions are added to these sections to provide clarity regarding what they are to be used for.
- **Section 10.06(e)(2)(i)** - Changes were made to the formatting for this sub-section on RFPs and SOQs to help provide clarity in the process as well as where the new standard contract falls into place. These additional steps are outlined as issuance, evaluation, contract negotiation/drafting, and approval. Nearly all of this is included as a paragraph within the current policy and language is added for the evaluation and contract portions shown to clarify those steps.
- **Section 10.06(f)(2)** - This is the same language as before, it has just been moved out of the qualifications based section and into the sole source purchasing section.

The intent of this meeting is review the policy changes as a means to implement the use of this contract going forward. This was the direction provided by the Village Board and the documents put forth fulfill that objective.

#### **FINANCIAL/BUDGET IMPACT:**

The contract is meant to improve and make more efficient the use of contracts when needed. Contracts would be reviewed and addressed on a case by case basis in the past, and now the intent is that it is standardized so that they are consistent from use to use. The financial impact is to ensure that the public money when spent is done so under appropriate contractual requirements when necessary.

#### **VILLAGE PLAN REFERENCE:**

Village of McFarland Fiscal Policy Manual

#### **ORDINANCE REFERENCE:**

#### **BOARD, COMMISSION OR COMMITTEE RECOMMENDATION:**

The Village Board took action at its meeting on January 8, 2018 "to work towards drafting a standard template for certain Village contractual agreements and that the Finance Committee take up the initiative and bring it back to the Board."

To that end, the Finance Committee has reviewed this issue at its meeting on January 24th and March 28th. Additionally, Chair/Trustee Lytle, Trustee Clow, Village Attorney, Village Administrator, and Clerk/Treasurer met in July and August to continue to advance this issue.

What is presented in your packet fulfills the direction provided by the Village Board in order to create and implement a standard contract while also putting in place reasonable and specific guidelines for Village Staff to implement its use. So much so, this draft contract was used voluntarily following these standards as part of a contract approval at the Village Board meeting on September 24th. As such, approval is recommended to the Village Board for its

consideration to complete this project as directed.

## **SECTION 10.06 Methods of Procurement**

Depending upon the type and cost of the item or service being procured, one of the following procurement methods will be used.

- (a) **Petty Cash.** Purchases of under \$30 may be made from petty cash.

(b) **General Procurement.**

- (1) Department Heads are authorized to spend up to \$10,000 for any line item that is part of their approved budget subject to the availability of funds.
- (2) Department Heads are authorized to spend up to \$5,000 for any line item that is not part of their approved budget subject to the availability of funds under the general oversight of the Village Administrator/~~Treasurer~~.

(c) **Quotation Based Procurement.** This method of procurement establishes a quotation process in an attempt to establish the lowest possible cost for whatever is to be purchased under this method.

- (1) Budgeted purchases in excess of \$10,000 and non-budgeted purchases in excess of \$5,000 shall require solicitation of a minimum of three (3) written quotations from qualified sources.
- (2) The Department Head or designee requesting the expenditure shall state his/her recommendation for which quote to accept, why, and identify the line item of the budget from which funds will be drawn. If departments are unable to secure three (3) written quotations, the Department Head shall explain to the Village Board the reason why additional written quotations were not forthcoming, in the opinion of the Department Head.
- (3) The Village Board in its sole discretion may direct the Finance Committee or any other relevant Village boards, commissions, or committees to provide a recommendation on the purchase if desired.
- (4) A summary of the quotations received shall be retained for the longer of the purchase transaction or one year.

(d) **Public Construction.** ~~It is hereby noted, in regard to~~For all public construction projects, the public bidding law shall be followed as is required in Wis. Stats. 62.15. This applies to all public construction projects where the estimated cost of which exceeds \$25,000. For construction projects costing between \$5,000 and \$25,000, the Village shall publish a class 1 notice of the proposed contract before itttt is executed.

- (e) **Qualifications Based Procurement.** This method of procurement is to be used when the value of products and/or services is significantly dependent upon the individual experience, training and other qualifications of the contracting party and the quality of such products or services is deemed more important than price alone. Normal competitive procedures cannot be utilized in securing professional services from attorneys, engineers, accountants, planners, and other professional people who, in keeping with the standards of their profession, may not enter into a competitive bidding process.

(1) **General Purchasing.**

- (i) Department Heads under the discretion and direction of the Administrator/~~Treasurer~~ are authorized to spend up to \$10,000 for any line item that is part of their approved budget subject to the availability of funds in order to secure professional services.
- (ii) Department Heads under the discretion and direction of the Administrator/~~Treasurer~~ are authorized to spend up to \$5,000 for any line item that is not part of their approved budget subject to the availability of funds in order to secure professional services.

(2) **Request for Proposal (RFP) or Statement of Qualification (SOQ).**

- (i) An RFP or SOQ shall be required in order to secure professional services in excess of \$10,000:
  - a. **Issuance.** The RFP or SOQ will be drafted by Village Staff and presented to the Village Board for approval prior to its distribution.
  - b. **Evaluation.** The evaluation process shall be determined by the Village Board on a case by case basis depending on the RFP to be solicited.   - c. **Contract Negotiation/Drafting.** Upon completion of the Evaluation process, Village Staff shall be responsible under the direction of the Village Attorney to draft and negotiate a final contract consistent with the approved proposal.

- d. Approval. The Village Board, in its sole discretion, is responsible for the approval of a contract as the final acceptance of the proposal in order to secure professional services.

~~(ii) If the Village has an ongoing working relationship with a firm (e.g. engineering or legal services), however, it may elect to solicit and evaluate a proposal from just that firm if deemed to be in the best interests of the Village. In securing professional services it is the primary goal of the Village to obtain the services at a fair price of a professional(s) who has a proven track record of providing similar services. Efforts will be made to first negotiate a fair contract with the professional deemed to best meet the Village's needs.~~

- (f) **Noncompetitive Negotiation (Sole Source Purchases).** This method of procurement may be used only in special circumstances when a purchase or award of a contract is not feasible under the procurement methods described above. A common reason for using this type of procurement would be an emergency situation as described in Sub-Section (g) below. Noncompetitive, or sole source, procurement involves the solicitation or acceptance of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate. Sufficient cost analysis and justification shall be provided for noncompetitive procurements to show that the price is fair and reasonable.

- (1) Sole source purchasing may include, but is not limited to, the following:

- (i) The item or service is only available from a single source.
- (ii) After competitive procurement solicitations, competition is determined to be inadequate.
- (iii) An alternate product or manufacturer would not be compatible with current products resulting in additional costs.
- (iv) Standardization of a specific product or manufacturer will result in more efficient and economical operations.
- (v) The purchase is from another governmental body.
- (vi) The item is being purchased through a cooperative purchasing arrangement such as the V.A.L.U.E. group, State bid list, or State of Wisconsin VendorNet.

- (2) If the Village has an ongoing working relationship with a firm (e.g. engineering or legal services), however, it may elect to solicit and evaluate a proposal from just that firm if deemed to be in the best interests of the Village. In securing professional services it is the primary goal of the Village to obtain the services at a fair price of a professional(s) who has a proven track record of providing similar services. Efforts will be made to first negotiate a fair contract with the professional deemed to best meet the Village's needs. New proposals brought forth under this method of procurement shall follow the same requirements as established in Section 10.06(e)(2)(i)(b)-(d).
- (3) In circumstances where there is only one qualified source and the purchase is not via a cooperative arrangement, the Department should use alternate means (such as verifying pricing with other customers) to establish that the price quoted is reasonable.

(g) **Emergency Purchases.**

- (1) Emergency Purchases shall only be made to:
  - i. Prevent delays in construction or delivery of essential services; and/or
  - ii. To stay an immediate threat to the health or safety of the public and employees.
- (2) For Emergency Purchases of general items or services that are not able to fulfill the requirements of this policy and meet the definition outlined, the appropriate Department Head shall make every effort to obtain three quotes for the item.
- (3) The purchase shall be approved by the Administrator/~~Treasurer~~ prior to the order/purchase of the item or service. In the Administrator/~~Treasurer~~'s absence, the purchase shall be approved by the Village President prior to ordering/purchasing the item.
- (4) The Village Board will review and approve the order at its next scheduled Village Board meeting.

**SECTION 10.07 Purchasing Procedures**

- (2) All petty cash purchases shall be approved in advance by the Department Head (or designee).
- (3) A proper receipt, signed by the purchaser, shall be provided for all purchases made from the petty cash. If an advance was drawn from the fund and the actual purchase amount is less, the difference shall be returned as soon as practical.
- (4) One designated individual shall be responsible for making all deposits to and withdrawals from the petty cash fund. The fund shall be reconciled on a weekly basis.
- (5) The detail of purchases made from the petty cash fund shall be included in the regular financial reports provided to the Village Board.

(b) **Village-Issued Credit Card.**

- (1) Making purchases using a credit card issued by the Village shall be the preferred method of purchasing and payment under the following circumstances:
  - (i) The vendor accepts payment by credit card.
  - (ii) There is no additional cost associated with use of a credit card.
  - (iii) It is advantageous to the Village to purchase by credit card.

- (3) The Administrator/Treasurer shall determine the maximum credit limit that will apply to the credit card(s).

- (4) Each Department Head may determine which employee(s) will have access to the departmental credit card(s) and the credit limit to which they are authorized to charge. Access shall be restricted as much as possible.
- (5) To the extent possible, purchases made by credit card should be authorized in advance by the Department Head or a designee. If this is not possible, the purchase shall be reported as soon as practicable.
- (6) Payment Procedures
  - (i) Proper documentation or receipts shall be obtained for all purchases made by credit card. This documentation shall be submitted to the Department Head as soon as possible who will review and retain it for later use. To ensure timely payment of credit card charges, proper documentation of all charges must be submitted no later than the end of each payroll period. If documentation is not readily available the employee may instead sign and submit a form confirming that the purchase was authorized by them and payment should be made.

In order to protect itself and VILLAGE, its officers, boards, committees, agencies, agents, volunteers, employees and representatives under the indemnity provisions of the subparagraph above, PROVIDER shall, at PROVIDER's own expense, obtain and at all times during the term of this Contract keep in full force and effect the insurance coverages, limits, and endorsements listed below. When obtaining required insurance under this Contract and otherwise, PROVIDER agrees to preserve VILLAGE's subrogation rights in all such matters that may arise that are covered by PROVIDER's insurance. Neither these requirements nor the VILLAGE's review or acceptance of PROVIDER's certificates of insurance is intended to limit or qualify the liabilities or obligations assumed by the PROVIDER under this Contract.

Commercial General Liability.

PROVIDER agrees to maintain Commercial General Liability insurance at a limit of not less than \$1,000,000 per occurrence. Coverage shall include, but not be limited to, Bodily Injury and Property Damage to Third Parties, Contractual Liability, Personal Injury and Advertising Injury Liability, Premises-Operations, Independent PROVIDERs and Subcontractors, and Fire Legal Liability. PROVIDER agrees to maintain Environmental Impairment (Pollution) Liability insurance at a limit of not less than \$1,000,000 per occurrence for bodily injury, property damage, and environmental cleanup costs caused by pollution conditions, both sudden and non-sudden, unless the VILLAGE waives this requirement in writing. This requirement can be satisfied by either a separate environmental liability policy or through a modification to the Commercial General Liability policy. Evidence of either must be provided.

Workers' Compensation.

PROVIDER agrees to maintain Workers Compensation insurance to the extent required by law.

Umbrella or Excess Liability.

PROVIDER may satisfy the minimum liability limits required above for Commercial General Liability and Business Auto Liability through an Umbrella or Excess Liability policy provided that the Annual Aggregate limit shall not be less than the highest "Each Occurrence" limit for the Commercial General Liability and Business Auto Liability. PROVIDER agrees to list the VILLAGE as an "Additional Insured" on its Umbrella or Excess Liability policy.

- C. Upon execution of this Contract, PROVIDER shall furnish VILLAGE with a Certificate of Insurance listing VILLAGE as an additional insured and, upon request, certified copies of the required insurance policies. If PROVIDER's insurance is underwritten on a Claims-Made basis, the Retroactive Date shall be prior to or coincide with the date of this Contract. The Certificate of Insurance shall state that professional malpractice or errors and omissions coverage, if the services being provided are professional services is Claims-Made and indicate the Retroactive Date, and PROVIDER shall maintain coverage for the duration of this Contract and for six (6) years following the completion of this Contract. In case of any sublet of work under this Contract, PROVIDER shall furnish evidence that each and every subcontractor has in force and effect insurance policies providing coverage identical to that required of PROVIDER.
- D. The VILLAGE, acting at its sole option and through its Village Board, may waive any and all requirements contained in this Contract, such waiver to be in writing only. Such waiver may include or be limited to a reduction in the amount of coverage required above. The extent of waiver shall be determined solely by Village Board taking into account the nature of the work and other factors relevant to VILLAGE's exposure, if any, under this Contract.
- IX. NO WAIVER BY PAYMENT OR ACCEPTANCE. In no event shall the making of any payment or acceptance of any service or product required by this Contract constitute or be construed as a waiver by VILLAGE of any breach of the covenants of this Contract or a waiver of any default of PROVIDER and the making of any such payment or acceptance of any such service or product by VILLAGE while any such default or breach shall exist shall in no way impair or prejudice the right of VILLAGE with respect to recovery of damages or other remedy as a result of such breach or default.
- X. NON-DISCRIMINATION. During the term of this Contract, PROVIDER agrees not to discriminate on the basis of age, race, ethnicity, religion, color, gender, disability, marital status, sexual orientation, national origin, cultural differences, ancestry, physical appearance, arrest record or conviction record, military participation or membership in the national guard, state defense force or any other reserve component of the military forces of the United States, or political beliefs against any person, whether a recipient of services (actual or potential) or an employee or applicant for employment, except to the extent that such factors are substantially related to the qualifications of such person to perform the work or receive the services. Such equal opportunity shall include but not be limited to the following: employment, upgrading, demotion, transfer, recruitment, advertising, layoff, termination, training, rates of pay, and any other form of compensation or level of service(s). - C. Limitation of Contract. This Contract is intended to be an agreement solely between the parties hereto and for their benefit only. No part of this Contract shall be construed to add to, supplement, amend, abridge or repeal existing duties, rights, benefits or privileges of any third party or parties, including but not limited to employees of either of the parties.
- D. Entire Contract. The entire agreement of the parties is contained herein and this Contract supersedes any and all oral agreements and negotiations between the parties relating to the subject matter hereof.
