Press \*9 to raise/lower hand. Press \*6 to mute/unmute.

1. CALL TO ORDER, ROLL CALL.
2. PUBLIC APPEARANCES.
  - a. This is an opportunity for members of the public to address the Public Works and Utilities Committee for items that are not on the agenda. Please remember this is a hybrid meeting conducted in person and through the Zoom online meeting platform. Meeting attendees wishing to address the Committee about items not on the agenda may do so at this time. Zoom attendees should type their name and address in the Question and Answer feature within the Zoom online meeting platform at this time. Members of the public who are present in person and wish to address the Committee should fill out a public comment form and turn into the meeting chairperson. When you are called upon to speak, state your name, address, and provide your comments to the Committee for their consideration. Please adhere to the 3-minute time limit. Additionally, you may send your public comments to [public.works@mcfarland.wi.us](mailto:public.works@mcfarland.wi.us) to be included as part of the meeting.  
  
Members of the public may also speak during their selected agenda item as they designate on the public comment form or in the Question and Answer feature on Zoom.
3. APPROVAL OF MINUTES.
  - a. Motion to approve the minutes of the Public Works & Utilities Committee meeting held on May 28, 2025.
4. BUSINESS.
  - a. Discussion and action to make a recommendation to the Village Board regarding the Holscher Road Water Tower task order for engineering services.
  - b. Discussion and action to make a recommendation to the Village Board regarding a Request for Proposal (RFP) for yard waste and drop-off site services.
  - c. Discussion and action to make a recommendation to the Village Board regarding a Request for Proposal (RFP) for sidewalk maintenance.
  - d. Introduction to and discussion of the proposed McFarland 2026-2030 Capital Improvement Plan

5. SCHEDULE NEXT MEETING DATE.

- a. Monday, July 28, 2025, at 6:00 p.m.

6. ADJOURNMENT.

Any person who has a qualifying disability as defined by the Americans with Disabilities Act that requires the meeting or materials at the meeting to be in an accessible location or format should contact the McFarland Municipal Center at (608)838-3153, 5915 Milwaukee Street, McFarland, Wisconsin, or [village.clerk@mcfarland.wi.us](mailto:village.clerk@mcfarland.wi.us) by 2:00 p.m. at least 5 business days prior to the meeting so that any necessary arrangements can be made to accommodate each request. If the meeting or request is less than 5 business days from the meeting, requests for accommodations may still be made and reasonable efforts will be made to accommodate each request.

VILLAGE OF MCFARLAND

**Public Works & Utilities Committee Minutes**

*Wednesday, May 28, 2025 - 6:00 PM*

**1. CALL TO ORDER, ROLL CALL.**

Village President Brassington called the regular meeting of the Public Works & Utilities Committee to order at 6:00 PM in the Community Room of the Municipal Center. This meeting was also held via Zoom webinar.

Members present: President Brassington, Trustee Prill, Pauline Boness, Zach Freeman, Eric Kindschi

Members not present: Chris Fredrick, Timothy Goers

Staff Present: Public Works Director Lee Igl and Assistant to the Public Works Director Aimee Irwin

**2. PUBLIC APPEARANCES.**

- This is an opportunity for members of the public to address the Public Works and Utilities Committee for items that are not on the agenda. Please remember this is a hybrid meeting conducted in person and through the Zoom online meeting platform. Meeting attendees wishing to address the Committee about items not on the agenda may do so at this time. Zoom attendees should type their name and address in the Question and Answer feature within the Zoom online meeting platform at this time. Members of the public who are present in person and wish to address the Committee should fill out a public comment form and turn into the meeting chairperson. When you are called upon to speak, state your name, address, and provide your comments to the Committee for their consideration. Please adhere to the 3-minute time limit. Additionally, you may send your public comments to [public.works@mcfarland.wi.us](mailto:public.works@mcfarland.wi.us) to be included as part of the meeting.*

*Members of the public may also speak during their selected agenda item as they designate on the public comment form or in the Question and Answer feature on Zoom.*

None.

**3. APPROVAL OF MINUTES.**

- Motion to approve the minutes of the Public Works & Utilities Committee meeting held on April 28, 2025.*

Motion by President Brassington, seconded by Trustee Prill, to approve the minutes of the Public Works & Utilities Committee meeting held on April 28, 2025. Motion carries 5 - 0 - 0.

**4. BUSINESS.**

- Presentation and discussion regarding the 2024 Audit and Financial Statements.*

Jodi Dobson with Baker Tilly provided an overview of the audit process and reviewed the enclosed handout regarding the utility's performance.

- Boness asked why the operating expenses were reduced in 2024 from 2023 for the water utility. Dobson responded that one of the water towers was painted in

2023.

b. Discussion and action to make a recommendation to the Village Board regarding the annual CMAR submittal for 2024.

Igl reviewed the 2024 report which looks at the sewer utility in terms of maintenance and its equipment replacement fund.

- President Brassington asked about the frequency of reporting. Igl stated that the report is required annually but if there are any concerns, such as a sewer back-up or spill, those are reported as they occur.

Motion by President Brassington, seconded by Boness, to recommend approval to the Village Board regarding the 2024 Compliance Maintenance Annual Report (CMAR) as presented. Motion carries 5 - 0 - 0.

c. Update regarding the 2025 Sanitary Survey report performed by the Wisconsin Department of Natural Resources (DNR)

Igl provided an overview of the sanitary survey that was completed earlier in 2025. Igl explained that a sanitary survey is required every three years and there were two deficiencies identified in 2025.

- President Brassington asked if there was a timeframe for correction of the non-conforming features. Igl explained that these features can be corrected as rehabilitations occur at the identified locations.
- Boness asked if the DNR had provided a response to the utility's letter. Igl stated he had not received a response but the DNR would follow up based on the deadlines set in the DNR's letter.
- Boness asked if the separation of chemicals had been noted previously. Igl explained this has been an ongoing non-conforming feature.
- Freeman asked if the non-conforming features need to be corrected within a specified timeframe. Igl responded that locations were built to code at their time, but the code has been adjusted and when rehabilitations happen, then those locations would need to be brought up to code which should address the non-conforming feature.

d. Discussion and action to make a recommendation regarding the updated Community Water System Emergency Response Plan for EPA.

Igl reviewed the updated Emergency Response Plan for the EPA and explained that the document was last updated in 2021. Igl added that the document would be reviewed annually for necessary updates.

- President Brassington asked if the plan was acceptable previously. Igl stated it was acceptable.
- Freeman asked if the changes would be finalized once approved by the committee. Igl responded that the document would be finalized once approved.

Motion by President Brassington, seconded by Trustee Prill, to approve the updated Community Water System Emergency Response Plan as presented. Motion carries 5 - 0 - 0.

**5. SCHEDULE NEXT MEETING DATE.**

*a. Monday, June 23, 2025, at 6:00 p.m.*

**6. ADJOURNMENT.**

Motion by Boness, the committee adjourned by unanimous consent at 6:26 p.m.

Pursuant to law, written notice of this meeting was given to the public and posted on the public bulletin board in accordance with Open Meetings Law.

Respectfully submitted,  
Aimee Irwin  
Assistant to the Public Works Director

  
**McFarland**  
**SUMMARY SHEET**

**MEETING DATE:** Monday, June 23, 2025

**SECTION:** Business

**DEPARTMENT:** Public Works

**CONTACT:** Lee Igl, Public Works Director, Matt Schuenke, Village Administrator

**AGENDA ITEM:** Discussion and action to make a recommendation to the Village Board regarding the Holscher Road Water Tower task order for engineering services.

**PREVIOUS ACTION:**

None.

**ISSUE SUMMARY:**

The Holscher Road water tower was constructed in 2000 and has been in service since that date. It is inspected every 5 years, with the most recent inspection noting that the paint has reached a point where an overcoat is recommended (to avoid the cost of sandblasting and re-painting if left as-is). In addition, there are several features of the tower that do not comply with current Village and DNR requirements. The Village is pursuing Safe Drinking Water funding through the DNR to take advantage of low interest rates.

This project is intended to address all the painting and other repairs recommended in the 2022 Dixon inspection report and identified in the subsequent DNR inspection. Enclosed is a task order that includes authorizing Town & Country Engineering for their scope of work, which includes preparing a specification, administering the bidding process, construction support, and handling the submittal and reporting requirements for the project to be covered by Safe Drinking Water funding. The task order is required to be approved and submitted by June 30, 2025.

**FINANCIAL/BUDGET IMPACT:**

The estimate included in the Capital Improvement Plan for the painting of Holscher Water Tower is \$500,000.

**VILLAGE PLAN REFERENCE:**

[2025-2029 Capital Improvement Plan](#)

**ORDINANCE REFERENCE:**

None.

**BOARD, COMMISSION OR COMMITTEE RECOMMENDATION:**

Recommended motion:

*Motion and second to recommend approval to the Village Board regarding the Holscher Road Water Tower task order for engineering services.*

**ATTACHMENTS:**

1. Task Order No. 8 - Holscher Tower Rehab

## Task Order

---

In accordance with Paragraph 1.01 of the Agreement Between Owner and Engineer for Professional Services- Task Order Edition, dated February 1, 2020 (“Agreement”), Owner and Engineer agree as follows:

1. Specific Project Data

- A. Effective Date of Task Order: May 5, 2025
- B. Title: Holscher Road Water Tower Repairs
- C. Description: Engineering support for painting and repairs to the water tower on Holscher Road

2. Services of Engineer

- Bidding or Negotiating Services (Exhibit A, Paragraph A1.04)
- Construction Phase Services (Exhibit A, Paragraph A1.05)

3. Owner's Responsibilities

Owner shall have those responsibilities set forth in Article 2 of the Agreement and in Exhibit B, as attached to the Agreement referred to above, such Article and Exhibit being hereby incorporated by reference, subject to the following: Scope of Services letter.

4. Times for Rendering Services

Estimated Completion Date – 2025 Construction

5. Payments to Engineer:

- A. Engineering costs to be invoiced on an hourly basis for an estimated cost not-to-exceed \$33,000.

B. Owner shall pay Engineer for services rendered as follows:

Principal .....	\$180.00
Senior Project Manager.....	\$175.00
Senior Project Engineer .....	\$165.00
Project Engineer IV.....	\$155.00
Project Engineer III.....	\$150.00
Project Engineer II .....	\$145.00
Project Engineer I .....	\$140.00
Staff Engineer II.....	\$125.00
Staff Engineer I .....	\$120.00
Senior Engineering Technician.....	\$120.00
Engineering Technician III .....	\$110.00
Engineering Technician II.....	\$105.00
Engineering Technician I .....	\$90.00
GIS Analyst.....	\$115.00
GIS Technician .....	\$105.00
Survey Crew Chief.....	\$120.00
Construction Technician III .....	\$110.00
Construction Technician II .....	\$105.00
Construction Technician I.....	\$90.00
Administrative II.....	\$85.00
Administrative I .....	\$80.00
Mileage – per mile 2025 rate .....	\$0.73
Total Station/GPS Survey Equipment .....	\$25.00
Computer used for CADD .....	\$15.00
Plotter – per plan page .....	\$15.00

C. The terms of payment are set forth in Article 4 of the Agreement.

6. Other Modifications to Agreement:

None

7. Attachments:

None

8. Documents Incorporated By Reference:

Scope of Services letter

9. Terms and Conditions:

Execution of this Task Order by Owner and Engineer shall make it subject to the terms and conditions of the Agreement (as modified above), which Agreement is incorporated by this reference. Engineer is authorized to begin performance upon its receipt of a copy of this Task Order signed by Owner.

The Effective Date of this Task Order is: May 5, 2025.

VILLAGE OF  
**McFarland**  
**SUMMARY SHEET**

**MEETING DATE:** Monday, June 23, 2025

**SECTION:** Business

**DEPARTMENT:** Public Works

**CONTACT:** Lee Igl, Public Works Director, Aimee Irwin, Assistant to the Public Works Director

**AGENDA ITEM:** Discussion and action to make a recommendation to the Village Board regarding a Request for Proposal (RFP) for yard waste and drop-off site services.

**PREVIOUS ACTION:**

None.

**ISSUE SUMMARY:**

The yard waste and drop-off site contract with Barnes expires on December 31, 2025. Staff would like the committee to review the enclosed Request for Proposal to see if the service requests meets the needs of the committee and provide additional recommendations.

The current contract is a three-year contract with Barnes, Inc. They maintain the drop-off site at the Public Works facility as well as conducting curbside brush chipping in the Spring, Summer, and Fall.

Proposals will be sent out to multiple companies that may complete the work requested.

**FINANCIAL/BUDGET IMPACT:**

Funds to operate the yard waste and provide curbside brush chipping services are included in the stormwater and solid waste budget each year.

**VILLAGE PLAN REFERENCE:**

None.

**ORDINANCE REFERENCE:**

None.

**BOARD, COMMISSION OR COMMITTEE RECOMMENDATION:**

Recommended motion:

*Motion, second to recommend approval to the Village Board for the issuance of a Request for Proposal (RFP) for yard waste and drop-off site services as presented.*

## SECTION 1

### Purpose

The purpose and intent of this Request for Proposal (RFP) is to solicit proposals from qualified Contractor to provide high quality brush and yard waste collection and disposal services for the Village of McFarland. The proposal is required to meet the scope of services detailed within.

The Village is requesting proposals for both a one year and three-year contract. Because of the uncertainty over available funding, proposals are also being sought on three different levels of curbside and drop-off site services.

## SECTION 2

### History and Background

A. **General** – The Village is located adjacent to the southeast side of the City of Madison in Dane County. The current population of McFarland is estimated at 9,676 residents. The Village is serviced by USH Highway 51 serving as the main connection point between the cities of Madison and Stoughton. The Village has 68 permanent employees supplemented by seasonal, temporary, and part-time employees when necessary. The Village’s primary departments include Administration, Community & Economic Development, Communications/Technology, Fire and Rescue, Library, Public Works (including Parks and Utilities), Police, and Senior Outreach. More information about the Village is available at [www.mcfarland.wi.us](http://www.mcfarland.wi.us).

## SECTION 3

## Scope of Work

Specifications of brush and yard waste to be collected:

- A. Brush Chipping**
  - a. Brush pieces will be no longer than ten (10') feet, no shorter than six (6'') inches, and no greater than six (6'') inches in diameter
  - b. The cut ends of the brush pieces will be placed parallel to the curb and stacked in neat piles with the cut ends pointed in the same direction as traffic.
  - c. Material must be free of all waste that may clog chipping equipment
- B. Yard Waste Pick-up**
  - a. Yard waste materials to be collected include leaves, lawn clippings, pine needles, house plants, and other non-woody organic matter.
  - b. Only yard waste materials placed in open bags (not to exceed 50 gallons in size) bearing an official pre-paid Village sticker will be collected.
  - c. Material must be clean of debris or it will be left on site
- C. Drop-off Site**
  - a. Brush must be six (6'') inches in diameter or smaller and no longer than ten (10') feet.
  - b. Material must be free of waste that may clog the chipping equipment
  - c. Loads may be rejected if deemed unclean by Contractor's staff.
- D. Holiday Tree Drop-off Site**
  - a. Residents drop-off holiday trees at the drop-off site between a designated date range.
  - b. Contractor to clear drop-off site after date range.
  - c. Materials may be rejected if deemed unable to be chipped.

## SECTION 4

## Request for Proposals

**A. Option #1** is a one-year term for 2026.

Provide hourly costs (equipment and personnel) for Yard Waste Collection and Brush Collection and lump sum pricing for Drop Off Site services below:

### YARD WASTE COLLECTION

Yard waste collection pricing for curbside pick-up.

Pick-ups to include:

- One Village-wide spring pick-up during the week of April 20, 2026.
- One Village-wide fall pick-up during the week of November 16, 2026.

### BRUSH COLLECTION

Brush collection pricing for curbside pick-up.

Pick-ups to include:

- One spring pick-up of three (3) zones starting the week of April 27, 2026
- One fall pick-up of three (3) zones starting the week of November 9, 2026.

### DROP OFF SITE

Brush and yard waste collection at the Village's drop off site located at 5115 Terminal Drive McFarland, Wisconsin. Hours of operation are 7:00 am to 7:00 pm, seven days a week. Service the site as needed starting on or before April 1, 2026, and closing on or about December 1, 2026.

### HOLIDAY TREE DROP OFF SITE

Holiday tree collection at the Village's drop off site located at 5115 Terminal Drive McFarland, Wisconsin. Service the site after February 1, 2026.

### ADDITIONAL NEEDS AND/OR STORM DAMAGE

Mutually agreed upon additional needs of the Village on an as needed basis and/or for assistance with storm damage clean-up.

**B. Option #2** is a three-year term for 2023, 2024, and 2025.

Provide hourly costs (equipment and personnel) for Yard Waste Collection and Brush Collection and lump sum pricing for Drop Off Site services below:

**YARD WASTE COLLECTION**

Yard waste collection pricing for curbside pick-up.

Pick-ups to include:

- One Village-wide spring pick-up during the week of April 20, 2026.
- One Village-wide spring pick-up during the week of April 12, 2027.
- One Village-wide spring pick-up during the week of April 17, 2025.
- One Village-wide fall pick-up during the week of November 16, 2026
- One Village-wide fall pick-up during the week of November 15, 2027
- One Village-wide fall pick-up during the week of November 13, 2028
- 

**BRUSH COLLECTION**

Brush collection pricing for curbside pick-up.

Pick-ups to include:

- One spring pick-up of three (3) zones starting the week of April 27, 2026
- One spring pick-up of three (3) zones starting the week of April 19, 2027
- One spring pick-up of three (3) zones starting the week of April 24, 2028
- One fall pick-up of three (3) zones starting the week of November 9, 2026.
- One fall pick-up of three (3) zones starting the week of November 1, 2027.
- One fall pick-up of three (3) zones starting the week of November 6, 2028.

**DROP OFF SITE**

Brush and yard waste collection at the Village’s drop off site located at 5115 Terminal Drive McFarland, Wisconsin. Hours of operation are 7:00 am to 7:00 pm, seven days a week. Service the site as needed starting on or before April 1, 2026, 2027, and 2028, and closing on or about December 1, 2026, 2027, and 2028.

**(continued on next page)**

**HOLIDAY TREE DROP OFF SITE**

Holiday tree collection at the Village’s drop off site located at 5115 Terminal Drive McFarland, Wisconsin. Service the site after February 1, 2026, 2027, and 2028.

**ADDITIONAL NEEDS AND/OR STORM DAMAGE**

Mutually agreed upon additional needs of the Village on an as needed basis and/or for assistance with storm damage clean-up.

## SECTION 5

## RFP Submittal Requirements

- A. Qualification Details consisting of:
- i. **Cover Letter** – include details about the company and experience performing similar scope of services within the last ten years.
  - iii. **References** – Provide three references for which the applicant has provided similar services within the last ten years. Include the company name, name, email, and telephone number of the contact person and a description of services provided to that contact.
- B. Cost and Labor Hours Proposal consisting of:
- i. **Cost** – Hourly cost for equipment and personnel to perform Yard Waste and Brush Collection. Lump Sum price with all labor and equipment for service at the Drop Off Site. Provide this for Option #1 (one-year) and Option #2 (three-year).
  - ii. **Estimated Labor Hours** – A summary of estimated labor hours for each of the following: Yard Waste Collection, Brush Collection and Drop Off Site services.
- E. General requirements consisting of:
- i. **Due Date** – *Responses to the RFP must be received by July 23, 2025.* Proposals received late, for any reason, shall not be accepted.
  - ii. **Format & Location** – Prospective contractors shall provide one (1) electronic PDF copy. RFP submittals shall be emailed to Jim Hessling at [public.works@mcfarland.wi.us](mailto:public.works@mcfarland.wi.us), subject: Brush and Yard Waste. Alternatively, consultants may submit an electronic PDF copy via a USB flash drive to the Village of McFarland-Brush and Yard Waste RFP, Attn: Public Works Department, 5915 Milwaukee Street, PO Box 110, McFarland, WI 53558.

## SECTION 6

## Method & Timeline of Selection

A. Village Administrator, Streets and Utilities Superintendent, and Public Works Director will conduct the evaluation of proposals submitted. This will comprise the RFP Evaluation Team. They will make a recommendation to the Public Works & Utilities Committee for action. The following method and timeline will be utilized in order to select the desired proposal:

- i. **July 10, 2025** – RFP Issuance Date.
- ii. **July 23, 2025** – RFP Due Date.
- iii. **July 24-25, 2025** – During this timeframe, the Evaluation Team will review the proposals and decide which, in its sole discretion, it chooses to further consider via an in-person or virtual interview.
- iv. **July 28, 2025** – The Evaluation Team will make its recommendation to the Public Works & Utilities Committee for their consideration to award a proposal.
- v. **August 12, 2025**–The Village Board will take final action to consider acceptance of the recommended proposal and enter into a contract for this purpose.
- vi. **January 1, 2026** – Contract Start Date.

## SECTION 7      Terms and Conditions

Each proposal will be reviewed to determine if it meets the submittal requirements contained within this RFP. Failure to meet the requirements for the RFP can be cause for rejection of the proposal. The Village may reject any proposal if it is conditional, incomplete, contains irregularities, or if in the sole discretion of the Village not considered in our best interest. The Village may waive an immaterial deviation in a proposal, but this shall in no way modify the proposal document or excuse the Contractor from compliance with the contract requirements if the Contractor is awarded a contract. A prospective Contractor may be requested for an interview at the sole discretion of the Village. The recommended Contractor will be selected and approved by the Village Board.

The Village uses a standard template contract for such services and will require its utilization for this project. A copy of the standard template can be provided for review upon request and will be updated to adapt to the proposal ultimately selected.

There is no expressed or implied obligation for the Village to reimburse firms for any expenses incurred in preparing proposals in response to this request. Materials submitted by respondents are subject to public inspection under Wisconsin law. Any language purporting to render the entire proposal confidential or proprietary will be ineffective and will be disregarded.

The Village will not discriminate against individuals due to sex, race, religion, creed, color, national origin, age, disability, sexual orientation, ancestry, marital status, arrest or conviction record, military service, or any other characteristics protected by law. This applies to all Consultants submitting proposals to this project and their sub-consultants.

The Village reserves the right to retain all proposals submitted, and to use any idea in a proposal, regardless of whether the proposal was selected. Submission of a proposal indicates acceptance by the firm of the conditions contained in the RFP, unless clearly and specifically noted in the proposal submitted and confirmed in the contract between the Village and the Consultant.

All property rights, including publication rights of all reports produced by the selected firm in connection with services performed under this agreement shall be vested in the Village.

The Village reserves the right to reject any or all proposals submitted.

  
VILLAGE OF  
**McFarland**  
**SUMMARY SHEET**

**MEETING DATE:** Monday, June 23, 2025

**SECTION:** Business

**DEPARTMENT:** Public Works

**CONTACT:** Lee Igl, Public Works Director, Aimee Irwin, Assistant to the Public Works Director

**AGENDA ITEM:** Discussion and action to make a recommendation to the Village Board regarding a Request for Proposal (RFP) for sidewalk maintenance.

**PREVIOUS ACTION:**

None.

**ISSUE SUMMARY:**

Annually, a section of the village is reviewed for sidewalk replacements or edges that can be ground down to limit trip hazards and to ensure our infrastructure is in good condition. Included is a map of locations that have been identified for inspection and grinding. At this time, the department is not recommending replacements in the section reviewed due to the limited number identified and lack of interest by contractors for replacement work. Staff are requesting to issue a Request for Proposal (RFP) for the inspection and grinding services of sidewalks.

**FINANCIAL/BUDGET IMPACT:**

Included in the 2025 budget are funds of up to \$100,000 for sidewalk replacement & maintenance.

**VILLAGE PLAN REFERENCE:**

[2025-2029 Capital Improvement Plan](#)

**ORDINANCE REFERENCE:**

None.

**BOARD, COMMISSION OR COMMITTEE RECOMMENDATION:**

Recommended motion:

*Motion and second to recommend approval to the Village Board regarding the issuance of a Request for Proposal (RFP) for sidewalk maintenance.*

**ATTACHMENTS:**

1. 2025 Sidewalk replacement & grinding map 6-17-2025

**McFarland**  
**SUMMARY SHEET**

**MEETING DATE:** Monday, June 23, 2025

**SECTION:** Business

**DEPARTMENT:** Administration

**CONTACT:** Matt Schuenke, Village Administrator

**AGENDA ITEM:** Introduction to and discussion of the proposed McFarland 2026-2030 Capital Improvement Plan.

**PREVIOUS ACTION:**

The 2026-2030 draft Capital Improvement Plan was introduced to the Village Board at their meeting on June 10, 2025.

**ISSUE SUMMARY:**

Enclosed please find the draft proposed 2026-2030 CIP. The Village has begun its review of this document for consideration of the next five years of projects. A summary of the plan contents is below. Our objective for this meeting will be to review the plan elements that effect Public Works and Utilities which is the 10 year plan included in Appendix C.

Please note the following key features of this document:

- Transmittal Memo - This is a new feature to the plan and meant to summarize the process, projects, and their fiscal impact.
- Funding Summary - Similar to past years the plan includes a summary covering the next 5 years against various categories and also breaks it down by year and Department.
- Appendix A Financial Analysis - The Financial Advisor uses the Funding Summary to prepare a forecast of the effect of debt service on the tax levy.
- Appendix B Project Summaries - Each of the projects listed within the program years has a brief narrative providing additional description of the work intended.
- Appendix C Paving and Utility Plan - This provides a 10 year outlook for projects to help understand the impact of our road and underground needs. The Public Works and Utilities Committee will review and provide a recommendation to the Village Board on this draft.
- Appendix D - Similar to the previous item, there is a 10 year plan for park improvements that will be included as well. The Parks and Recreation Committee will review and provide a recommendation on this.

Please remember these are projections taking into account a lot of assumptions on what may or may not happen in the next 5 years regarding the presented variables. The true testament as to whether or not any implementation happens within this plan is through the annual budget process. As a plan, the use of assumptions is appropriate to be able to forecast certain impacts

and attempt to avoid funding pitfalls. As we progress through the years, how elements are incorporated into the budget is the final say as to whether or not they may move forward.

**FINANCIAL/BUDGET IMPACT:**

Financial impacts of the proposed plan are included as part of the Transmittal Memorandum contained within the plan.

**VILLAGE PLAN REFERENCE:**

**Chapter 3 - Debt Management Policy**

Last updated in 2020, this policy provides guidance on the utilization of debt to support capital project needs. Our planned borrowing past and present have conformed to the standards outlined within this document. By State law, our debt limit is 5% of our equalized value which as part of the 2024 Audit was \$85,085,895 with \$46,965,000 outstanding. By policy the limit locally is set at not to exceed 67% of our legal debt limit which would be approximately \$57,007,550. Again, as of the end of 2024 we were below this threshold at \$46,97 million ultimately demonstrating a slightly above average utilization of debt (approximately 55%).

## Memorandum

To: Village Board of Trustees

From: Matthew G. Schuenke, Village Administrator 

Date: June 18, 2025

Re: **2026-2030 Capital Improvement Plan (CIP) Transmittal Memorandum**

### Executive Summary

Please find enclosed the draft 2026-2023 Capital Improvement Plan as submitted by the Village Administrator and Department Heads. Annually we go through this process to plan out our capital needs so that we are able to better understand the fiscal impacts they will have into the future. As a plan, this effort is meant to help guide our decision making and provide direction over the years based on the priorities set for each of the process included. Once the plan is accepted, the next program year is entered into the budget process for final consideration to be able to move forward. This memorandum is submitted as part of the transmittal of the plan to help outline the process, summarize the projects by Department, and forecast the fiscal impact.

### Process and Schedule

Please note the following process and corresponding schedule that was previously set for the board’s annual calendar:

TASK	OWNER	DEADLINE
Begin Staff Submittal	Dept Heads	April 22
End Staff Submittal	Dept Heads	May 16
Draft Plan Introduction	Administrator	June 10
Financial Analysis Complete	Administrator	June 18
Public Works and Utilities Committee – Review	Committee	June 23
Village Board – Review	Board	June 24
Parks and Recreation Committee – Review	Committee	July 1
Village Board – Review	Board	July 8
Public Works and Utilities Committee – Review/Rec	Committee	July 21
Village Board – Review (Optional)	Board	July 22
Parks and Recreation Committee – Review/Rec	Committee	August 5
Village Board – Final Review	Board	August 12
Village Board – Plan Acceptance	Board	August 26

The Village Board ultimately decides final plan acceptance at its second meeting in August. They do this work by conducting their review in June and July along with assistance from applicable Committees. Each Committee noted conducts an initial review of the plan affecting their work, and at a second meeting finalizes their recommendation to the Village Board. All of this is reconciled in August and presented for a final review and consideration of acceptance to finish the process. Plan acceptance is not project approval. Plan acceptance completes the process and project approval is not earned until the plan year as proposed has been approved by the Village Board within the annual budget process.

### Financial Impact Summary

Included as Appendix A within the report is the financial analysis completed by the Village’s Financial Advisor. This analysis lays out four projected debt issuances from year to year within a structure that attempts to balance the amount of tax levy support needed to pay for debt service. On average over the 5 year life of this plan, the tax levy rate increase is planned to increase by \$0.12 per thousand dollars of value each of the next 5 years. A median home valued at \$418,100 as of January 1, 2024 would see an additional cost of around \$52.18 per year during that same five years for a cumulative total of \$260.89. It should be noted that this effect would be inclusive of everything financially included within the plan as presented. Additionally, the effect on the individual property may be higher or lower based on their level of value compared to the average.

Debt utilization into 2026 will actually decrease before beginning to rise again in 2027 with the proposed addition of funding for the Community Center project. We are currently around 52% and this will fall to around 48% next year before increase to 57% the year after. The utilization peaks at 69% after the second year of major note funding in 2028 for the Community Center project. This is notable as the plan currently stands approximately two percentage points higher than our debt limit by policy at 67%. Changes during review can account for a reduction to bring limits in line with policy.

## Department Review

### *Administration*

The Department absorbed the Communications Division in 2024 and this plan reflects that transition to add a line in each of the years to support the cable channel and other mediums. The only other major inclusion within the plan is to keep up with replacement of voting equipment at the end of its useful life.

### *Facilities*

The main project forecasted within this category is to fund the Community Center beginning in 2027 and carried into 2028. Additionally planning is needed in 2025 and based on what advances from the plan then design would need to occur in 2026. The remaining fundings needs are consistent from year to year with a sinking fund to maintain facilities, sinking fund for property acquisition, use of funds to address maintenance needs, and other technology support.

### *Police*

The Department has included replacement of two fleet vehicles every other year planned for 2026, 2028, and 2030. Typically new cars are entered into patrol and other cars with useful life are cycled to other less demanding uses. Additional funding is provided to support equipment needs from year to year within the Department and also to support traffic safety. A new Records Management System could be considered also in 2027 after further evaluating the existing partnership with Madison.

### *Fire and Rescue*

A new fire pumper/engine was approved in 2024 which included a down payment to secure the order and schedule. It is scheduled to arrive in 2027. Other vehicle needs identified include a staff vehicle in 2027, brush truck in 2028, and tender/tanker truck in 2030. Some of the smaller less specialized vehicles that are existing are able to be repurposed once replaced. Other equipment needs are consistent from year to year with exception for the replacement of the radio system in 2030.

### *Public Works (Utilities)*

Most of the Village's capital outlay from year to year flows through this Department and specifically within the Paving and Utility Plan line. This information is further detailed in Appendix C in order to outline our road construction needs including the related underground utilities. There are a number of equipment needs that span all of the different services provided as well as different vehicles. Continued emphasis on stormwater maintenance is included in this plan with funds allocated in each year to continue following through on plan recommendations. Construction of a new well is planned to begin in 2026 as well as rehabilitating Well #4 in 2028. The Village had a small share in 2025 as part of Phase #7 of USH 51 reconstruction, but will see a larger need to allocate funds in 2027 when Phase #6 advances.

### *Senior Outreach*

Most of the capital needs for this Department are tied into the larger facility question that is what to do with the Community Center. They have a small capital line item which allows for day to day needs (mostly associated with the meal program) to be met. Nothing else major is planned at this time.

### *Library*

A few smaller improvements are planned in the coming years to address technology, lighting, and signage. The Department also has a larger facility question it is looking to address to help work with the Village on the its planning with the Community Center and how that might intersect with that work.

### *Parks*

Every other year the Village attempts to use park impact fees collected through new development to reconstruct a playground or add a public restroom. A playground would be considered in 2026, 2028, and 2030 while a public restroom would be in 2027 and 2029. Assuming completion of the second phase of Community Park, attention is turned back to McFarland Park to advance future phases of that work planned in 2027. Well #4 is located within Egner Park and is planned for rehabilitation in 2028. With that project we'll also be looking to add a public restroom given its proximity to the park amenities. This plan also considers additional investments at Community Park in 2030 that were removed from the last phase of improvements seen in 2025. Each year the Village also invests funds into maintaining the trails, conservancy, and other equipment needs.

### *Community Development*

Most of the capital funding needed within this Department is for long term planning. We see this for the Comprehensive Plan update beginning in 2026 lasting into 2027 followed by Zoning Code rewrite in 2028. TID Planning as needed is also considered within 2026-2028. We will also need to consider an update to our Comprehensive Outdoor Recreation Plan (CORP) in 2030 as well as updating our energy audit. The other biggest investment is in new Gateway Signs on USH 51 entering from the north and south. These will be funded through TID #5 and #6 in 2028 following completion of Phase 6 of the highway.

### **Closing**

Thank you for the opportunity to submit this plan to the Village Board for consideration of our capital needs. Staff appreciates this opportunity to talk about the impacts of these large projects on the Community to understand how they support the good services provided within our operating budgets and to figure out the balance in quality of life we are looking to achieve. We recognize that this is a plan, and a projects ability remains at the discretion of the Village Board as adopted within the annual budget.

As always, if I can be of any assistance within this review please do not hesitate to reach out to me with questions.

Summaries

# McFarland Capital Improvement Program (CIP) 2026 – 2030

## Administration

### Planned Projects:

#### Communications

- *Description* – Annually the Communications Division looks to replace equipment used to record audio and video of meetings, events, and other activities happening within the Village. This is used for the cable channel, social media, and other mediums used to communicate with the public. This includes computers, cameras, digital storage, sound equipment, servers, and other A/V technologies that support their operations.
- *Years* – All.
- *Funding* – Combination of general revenue, borrowed money, and reserves within the Capital Projects Fund (400).

#### Digital Records Management

- *Description* – In an effort to continue paperless initiatives and be more efficient the intent of this project would be to convert the current paper method of storing documents to digital record keeping. Funds are available for this project within fund balance as needed as we convert records to digital copies.
- *Years* – All
- *Funding* – Reserves as needed within Capital Projects Fund (400).

#### Small Capital

- *Description* – Small capital contribution from the General Fund to purchase various small office, furniture, and other related needs.
- *Years* – All.
- *Funding* – General revenue within General Fund (100).

#### Voting Equipment

- *Description* – The DS200 voting machines were certified in the early 2010's and will likely be reaching the end of their useful life as a voting device. They are included in the CIP for replacement; however, their replacement will need to be tied to a County wide initiative to switch machines uniformly amongst all municipalities. Additionally we will be looking to replace Badger Books for Public Safety Center that were purchased in 2024.
- *Years* – 2028 and 2030.
- *Funding* – Combination of general revenue, borrowed money, and reserves within the Capital Projects Fund (400).

# McFarland Capital Improvement Program (CIP) 2026 – 2030

## Facilities

### Planned Projects:

#### Community Center

- *Description* – The Village completed a Master Plan in 2023 to help guide improvements for the Municipal Center Campus including the implementation of a Community Center. Design work was paused in 2024 pending restarting additional planning work in 2025 to reconsider how the improvement could move forward. Funds presently listed are unchanged from previous projections to help forecast financial impacts but will need to be updated based on what the desired plan, if any, is to advance.
- *Year(s)* – 2026 (Plan/Design), and 2027/2028 (Build).
- *Funding* – Borrowed money within the Capital Projects Fund (400).

#### Electric Vehicle (EV) Charters

- *Description* – Funding is provided from the Federal Government to install electric vehicle chargers at the Public Safety Center. The facility is setup for this purpose and the objective would be to finish the purchase and installation to allow for public access within the parking lot. The Village has also applied for a grant for this purpose.
- *Year(s)* – All.
- *Funding* – Intergovernmental Revenue within the Capital Projects Fund (400).

#### Facility Improvement

- *Description* – The Village has an assigned fund balance to address facility maintenance needs. This line item is used to address unforeseen items drawing from that fund balance to respond to needs when present.
- *Year(s)* – All.
- *Funding* – Assigned fund balance within the Capital Projects Fund (400).

#### General Tech Equipment

- *Description* – The Village sets aside funds in order to replace computer workstations as they fail and on a rotating schedule to cycle out obsolete and aging machines on an annual basis.
- *Years* – All.
- *Funding* – Combination of borrowed money and general revenue within Capital Projects Fund (400).

## Facilities (continued)

### Land Acquisition

- *Description* – This reserve account sets aside funds to be used to fund land acquisitions as might be necessary and would be determined by the Village Board.
- *Years* – All.
- *Funding* – General revenue within Capital Projects Fund (400).

### Network Equipment

- *Description* – Funds are set aside annually for the replacement and upgrading of network equipment to help maintain the Village’s technology network.
- *Years* – All.
- *Funding* – General revenue within the Capital Projects Fund (400) with equal shares from the Utility Fund (600) and Stormwater Utility Fund (605).

### Sinking Fund

- *Description* – Savings set aside for the development, expansion, and/or maintenance of Village owned facilities.
- *Years* – All.
- *Funding* – General revenue within Capital Projects Fund (400).

# McFarland Capital Improvement Program (CIP) 2026 – 2030

## Police Department

### Planned Projects:

#### Equipment

- *Description* – Several small equipment items are included annually to replace handheld tools, small items, safety equipment, and various other needs to outfit officers.
- *Years* – All.
- *Funding* – Borrowed money and general revenue within Capital Projects Fund (400).

#### Records Management Software (RMS) System

- *Description* – Currently the Village contracts with Madison for this service which is not uncommon for smaller Departments. This has worked, but as we have grown we continue to have more needs from this system than the City platform can offer. Planning for the implementation of a new system that is direct sourced would be more efficient for Staff's utilization and give us more flexibility in overseeing our records.
- *Years* – 2027.
- *Funding* – Borrowed money within Capital Projects Fund (400).

#### Patrol Vehicles

- *Description* – The enclosed plan anticipates ordering 2 cars every other year. We used to order 3 cars every three years, but with delays, supply chain issues, and direct cancellations it has become increasing difficult to rely on delivery times. The last replacement order in accordance with the former cycle was completed in 2023, and only one of those cars is presently in service today.
- *Years* – 2026, 2028, and 2030.
- *Funding* – Borrowed money within Capital Projects Fund (400).

#### Small Capital

- *Description* – Small capital contribution from the General Fund to purchase various small office, furniture, and other related needs.
- *Years* – All.
- *Funding* – General revenue within General Fund (100).

#### Traffic Safety

- *Description* – Annual allocation for the Department to implement various traffic safety measures including speed boards, RRFB's, flashing signs, and other related improvements.
- *Years* – All.
- *Funding* – Borrowed money and general revenue within Capital Projects Fund (400).

# McFarland Capital Improvement Program (CIP)

## 2026 - 2030

### Fire and Rescue

#### Planned Projects:

##### AED Replacement

- *Description* – Each of the emergency response vehicles have an Automatic External Defibrillator (AED) and the larger facilities Municipal Center, Library, Public Safety Center, and Public Works Center. The machines will be 10 years old by this point necessitating replacement and the need for proper support.
- *Year(s)* – 2028.
- *Funding* – Borrowed money within Capital Projects Fund (400).

##### Ballistic Equipment

- *Description* – In 2018 the Department purchased ballistic gear for the large fire apparatus and the two ambulances. Based on recent incident lessons, we have learned that incident Commanders are also at risk of potential threats that may be known or unknown (i.e. a “warm zone”). The project would provide protection for command vehicles. Additionally, the original gear will be due for replacement. It is planned to have newer lighter weight gear purchased and move to 20% replacement annually.
- *Year(s)* – All
- *Funding* – General revenues within Capital Projects Fund (400).

##### Brush Truck

- *Description* – Includes the replacement of truck and moving the pump skid unit into the new truck. The truck is used to respond to brush fires in the coverage area and perform prescribed burns to maintain the Village’s conservancy spaces. The Current truck was acquired in 2008 and spent its first 10 years of service as a pickup with the Fire & Rescue fleet. A similar rotation is planned where a 2018 F350 pickup will be utilized as the Brush Truck and the new pickup will be utilized as the pickup with the Fire & Rescue fleet. The pickup is used for tasks that the other vehicles are unable to perform such as hauling equipment and towing the variety of trailers we utilize.
- *Year(s)* – 2028.
- *Funding* – Borrowed money within Capital Projects Fund (400).

##### Command Car Sinking Fund

- *Description* – Annual savings set aside for the replacement of Command Car which is the full-size SUV style used as the main incident command response vehicle. The sinking fund amount has been increased to compensate for current vehicle inflation rate.
- *Years* – All.
- *Funding* – General revenue within Capital Projects Fund (400).

## Fire and Rescue (continued)

### CPR Compressors

- *Description* – The Department’s automatic CPR Compressors will be ten years old and expected to be at the end of their serviceable life with more advanced devices are expected to be on the market. The CPR compressors are utilized during cardiac arrest and have provided life-saving CPR that is difficult to reproduce manually over long periods of time.
- *Years* – 2027.
- *Funding* – Borrowed money within Capital Projects Fund (400).

### Dorm Furniture

- *Description* – Provides annual funding for replacement and adding furniture within the dorm space of the Fire & Rescue Department. The Department has set up 8 out of 12 dorm bedrooms with furniture. The project is planned to add one bedroom per year and replace one bed per year.
- *Years* – All
- *Funding* – Fund balance within Capital Projects Fund (400).

### EMS Equipment

- *Description* – Provides annual funding for small equipment needs, turnout gear as is needed from year to year, and other general items needed to support this service. The shift to more career cross-trained staff has reduced the need for EMS-only turnout gear which is worn at car accidents and during inclement weather.
- *Years* – All.
- *Funding* – Combination of borrowed money and general revenue within Capital Projects Fund (400).

### Fire Equipment Replacement

- *Description* – Provides annual funding for small equipment needs, turnout gear, and other general items needed to support this service. The equipment costs are expected to increase due to inflation, especially for fire equipment and PPE. 2026 will include the last order of replacement supply hose for the engines due to age and increased pressure requirements.
- *Years* – All.
- *Funding* – General revenue and borrowed money within Capital Projects Fund (400).

## Fire and Rescue (continued)

### Ice/Water Rescue Equipment

- *Description* – The Department provides rescue to a large portion of Upper Mud Lake, over half of Lake Waubesa, all of Lower Mud Lake, and the northern portion of Lake Kegonsa. The current cache of the ice/water rescue equipment has aged and is beyond usable service life. The project would replace and enhance the current equipment to provide more safety for responders.
- *Years* – 2026.
- *Funding* – General revenue and borrowed money within Capital Projects Fund (400).

### Pumper/Engine

- *Description* – The Department maintains two Engines (pumpers) with a service life of 20 years with 10 years primary and 10 years secondary. The Department utilizes a unique foam system referred to as Compressed Air Foam (CAFS) which increases the capabilities of water to extinguish fires. The CAFS allowed the Department to reduce the fleet by reducing to one Tender (water tanker) from two. Additionally, included in the project is providing idle reduction technology for the truck. The Village Board approved purchase of the truck in 2024 with a down payment to save on overall costs that are expected in the year it will be delivered.
- *Years* – 2027.
- *Funding* – Borrowed money within Capital Projects Fund (400).

### Radios (Mobile/Portable)

- *Description* – Majority of the department mobile (vehicle mounted) and portable radios will be 10 years old in 2030. Additionally, the State of Wisconsin is in the process of replacing the statewide radio system which is used during large incidents and the current radios will not operate on the new system. The new radios will be dual band capable and will be able to communicate with Madison Fire on their channels. Previously this wasn't permitted by Madison Fire; however, we have been supporting their operations with mutual aide more often and they are now permitting others onto their radio system for improved coordination.
- *Years* – 2030
- *Funding* – Borrowed money within Capital Projects Fund (400).

### SCBA Replacements

- *Description* – These are the Self-Contained Breathing Apparatus used by the Fire and Rescue Staff to enter a burning/smoking building where possible. These are a necessary component of providing this emergency service and scheduled for replacement within the Department due to their age and present use. The units will be 15 years old at that time and the tanks will no longer be serviceable or usable.
- *Years* – 2028.
- *Funding* – Borrowed money within Capital Projects Fund (400).

## Fire and Rescue (continued)

### Small Capital

- *Description* – Small capital contribution from the General Fund to purchase various small office, furniture, and other related needs.
- *Years* – All.
- *Funding* – General revenue within General Fund (100).

### Staff Car

- *Description* – The Department’s 2016 Ford SUV Inceptor (and former Chief’s Vehicle) will be 11 years old and due for replacement. The project includes funding for a Plug-in Hybrid pickup (expected to be available in the coming years) to allow for more equipment while still providing space for four passengers. The full EV will continue to be monitored but current models have struggle with fire emergency response and electronic utilization needs. We are planning to keep the existing 2016 Ford SUV Inceptor in service to permit the Chief to have a take home vehicle and maintain staff vehicle beyond the command car. The future planning will be replacing a staff car or command car every 5 years with three in rotation placing the planned life expectancy to 15 years per vehicle.
- *Years* – 2027
- *Funding* – Borrowed money within Capital Projects Fund (400).

### Technology

- *Description* – Annual replacement for mobile computers located within fleet vehicles. The computers provide information from dispatch and department pre-plan data for facilities. The funding provides for one replacement per year. This line also assists with other Department specific technology needs as they arise. 2025 includes the replacement of the Department’s thermal imaging cameras.
- *Years* – All.
- *Funding* – General revenue and borrowed money within Capital Projects Fund (400).

### Tender Truck (Water Tanker)

- *Description* – The Department maintains a water tender (tanker) truck with a life expectancy of 15 years. The truck is utilized in locations where water is not available via hydrants or when operationally it is better to use the tender instead of a hydrant. With recent annexations there is now considerably more area of the Village that requires the tender to provide water for fire protection. The current tender will be 15 years old in 2030. When the current tender was purchased the water tank was reduced from 3,000 gallons to 2,000 gallons and the pump was reduced from 1,000 gallons per minute to 500 gallons per minute. The Department does request two tenders from other communities for structure fires in areas with hydrants currently as one is not sufficient to provide sustained water supply for structure fires. The lead time of a tender is expected to be 12-18 months (considerably shorter than custom chassis trucks).
- *Years* – 2030
- *Funding* – Borrowed money within Capital Projects Fund (400).

# McFarland Capital Improvement Program (CIP) 2026 – 2030

## Department of Public Works

### Planned Projects:

#### Facility (Plan/Design)

- *Description* – The Public Works Facility was last remodeled in 2020/2021 addressing offices, mechanicals, paving, roof, solar, storage, and other general maintenance. Next phase of improvements would study expansion of the garage area and other ancillary buildings to continue facility support needs. This is not a commitment for facility expansion but a study to plan for what is needed for one when it is decided in the future that it could move forward.
- *Years* – 2027 and 2028.
- *Funding* – Borrowed money within the Capital Projects Fund (400).

#### Facility Equipment

- *Description* – A few different facility replacements are included for the next year at the main facility. This includes repairing a support post in the storage shed and pallet racking for inside and outside of the main building.
- *Years* – 2026.
- *Funding* – Combination of funds within Capital Projects Fund (400), Utility Fund (600), and Stormwater Utility Fund (605).

#### Leased Equipment

- *Description* – Includes annual charges for the use of the skid steer and front-end loader. In 2027 we will be making changes to the leased equipment. Adding a compact loader in 2027 and removing the skid steer in 2028.
- *Years* – All.
- *Funding* – General revenue within Capital Projects Fund (400) plus equal shares from Utility Fund (600) and Stormwater Utility (605).

#### Lift

- *Description* – A lift to be used at the Public Safety Center (PSC). The lift is needed to complete mechanical service and change lighting and ceiling tiles. The lift that the Village owns that is used at Public Works, the Municipal Center and the Library, does not fit into all the areas needed at the PSC. We will evaluate the needs for the PSC and see if they could meet the needs at the other locations, to potentially trade our current unit.
- *Years* – 2026
- *Funding* – Borrowed money within the Capital Projects Fund (400).

## Department of Public Works (continued)

### Lift Station #2 Force Main

- *Description* – Lift Station #2 was reconstructed in 2025 and has a sanitary sewer pipe running from this location to USH 51 where it intercepts with the MMSD system. Funds are provided within this year to help maintain, improve, and fix aspects of this pipe to ensure its ongoing functionality.
- *Years* – 2029.
- *Funding* – Funds are provided through sanitary sewer charges for service within the Utility Fund (600).

### Maintenance (Generator)

- *Description* – The generators at the Public Safety Building, Municipal Center, Public Works and all the well houses are recommended to have load testing completed every other year. This is to ensure that the generators start when needed and are able to perform with all the needs each building requires to operate in an emergency.
- *Years* – 2026, 2028, and 2030.
- *Funding* – Combination of funds between Capital Projects Fund (400), Utility Fund (600), and Stormwater Utility Fund (605).

### Mini-Excavator

- *Description* – Public Works is evaluating making a change to the off-road vehicle fleet within the department. The change will allow us to complete more tasks within the department, more efficiently, conserve space within the building and will save us money over time. In 2026, we would add a mini excavator, which would replace the tractor backhoe. This would be funded by redirecting funds that were for a planned replacement of the toolcat which we would eliminate in 2027. Other changes to the off road fleet would occur within our leased equipment line.
- *Years* – 2026.
- *Funding* – Combination of funds between Capital Projects Fund (400), Utility Fund (600), and Stormwater Utility Fund (605).

### Mowers

- *Description* – This includes two smaller format mowers in 2030 to take care of basic lawn care needs around facilities and within stormwater areas that are not filled with water. The 2029 replacement is the main larger mower in a wide format that is used in various areas for larger scale mowing operations.
- *Years* – 2029.
- *Funding* – Combination of funds within Capital Projects Fund (400) and Stormwater Utility Fund (605).

## Department of Public Works (continued)

### Patrol Truck Replacement

- *Description* – Includes the full replacement with trade in of a Patrol Truck (Snowplow) with associated equipment.
- *Year(s)* – 2027.
- *Funding* – Trade-in value deducted from gross cost of the vehicle. Remaining expense split equally between Capital Projects Fund (400), Utility Fund (600), and Stormwater Utility Fund (605).

### Paving and Utility Plan

- *Description* – In 2021, the Village Board upon recommendation of the Public Works and Utilities Committee(s) accepted a 10 year Paving and Utility Plan. This plan outlined paving needs in accordance with State pavement condition ratings and condition of underground utilities. Each of the next 5 years is included within this CIP and can be updated based upon shifting priorities where applicable.
- *Year(s)* – All.
- *Funding* – Borrowed Money within the Capital Projects Fund (400) with corresponding contribution from the Utility Fund (600).

### Pickup Truck Replacement

- *Description* – Replacement of various levels of pickup trucks for general service responsibilities. The vehicle purchase for 2025 will be dedicated and outfitted to support what is needed for facility maintenance more aligned for tool transport and other materials.
- *Year(s)* – 2026, 2027, 2028, and 2029.
- *Funding* – Cost split equally between the Capital Projects Fund (400), Utilities Fund (600), and Stormwater Utility Fund (605).

### Plate Compactor

- *Description* – Compacts material as holes are filled, during water main breaks and construction projects, to ensure proper compaction. Without proper compaction, sink holes can occur and cause an unnecessary reopening of surfaces. Currently, a bucket is used and does not allow vibration of materials to create proper compaction.
- *Years* – 2026
- *Funding* – Combination of funds within Utility Fund (600), and Stormwater Utility Fund (605).

### Property Acquisition

- *Description* – At some point in the future neighboring properties to the existing Public Works Center are likely to come up for sale. This placeholder is included to pursue those options if that does happen or we desire to pursue such an opportunity.
- *Year(s)* – 2026.
- *Funding* – Borrowed money within the Capital Projects Fund (400).

## Department of Public Works (continued)

### Sidewalk Replacement

- *Description* – Annually, funds are set aside for the replacement of sidewalk slabs that are not able to be ground or ramped. These present a trip hazard and replacing the squares is a safety consideration.
- *Year(s)* – All.
- *Funding* – Borrowed money within the Capital Projects Fund (400).

### Siggelkow Road Phased Reconstruction

- *Description* – Siggelkow Road from Catalina Parkway to County Highway AB is currently a rural cross section and at sometime in its life will need to be reconstructed as a urban street. A traffic study and 30% design plans are anticipated for completion 2025 and then a decision is needed whether to advance the improvement as one project or in phases. This project also incorporates the construction of an off-street bike trail picking up from Juniper Ridge and connecting to County Highway AB and the new Community Park.
- *Years* – 2027, 2028, 2029, and 2030.
- *Funding* – To be determined.

### Sinking Fund

- *Description* – Annual savings set aside for the replacement of the Director’s vehicle.
- *Year(s)* – All.
- *Funding* – General revenues within the Capital Projects Fund (400) plus Utility Fund (600).

### Small Capital

- *Description* – The Stormwater Utility is provided funds for small capital items for its administration including equipment, materials, and other supplies as needed.
- *Year(s)* – All.
- *Funding* – Charges for Public Services collected within the Stormwater Utility Fund (605).

### Stormwater Maintenance

- *Description* – Funding is expanded within the CIP to all years following the recommendations of the Stormwater Management Plan that was adopted by the Village in 2023. Each year the Village sets aside funds from the Stormwater Utility to pursue capital maintenance recommendations from the plan.
- *Year(s)* – All.
- *Funding* – Charges for Public Services collected within the Stormwater Utility Fund (605).

### Street Maintenance

- *Description* – Includes street repairs needed on an annual basis that have a longer than one year useful life including chip sealing, crack filling, and various areas for patch work.
- *Year(s)* – All.
- *Funding* – Borrowed Money within the Capital Projects Fund (400).

## Department of Public Works (continued)

### Street Sweeper – Sinking Fund

- *Description* – Annual savings set aside for the future replacement of the street sweeper.
- *Year(s)* – All.
- *Funding* – Charges for Public Services collected within the Stormwater Utility Fund (605).

### Street Tree Planting

- *Description* – Annual program for street/public tree installation and replacement.
- *Year(s)* – All.
- *Funding* – Borrowed Money within the Capital Projects Fund (400).

### Technology

- *Description* – Upgrades to our Scada system and our valve turner software are needed. Scada monitors our entire water and sewer system and calls out staff when there are issues. The valve turner is used to exercise and record history on our water valves.
- *Years* – 2026
- *Funding* – Charges for water and sanitary sewer services collected within the Utility Fund (600).

### TV & Clean (Sanitary)

- *Description* – Annually the Village cleans a portion of its sanitary sewers and then runs a camera through them to check for deficiencies. This process helps to identify weak spots or failures in the system that allow for inflow and infiltration.
- *Years* – All
- *Funding* – Charges for sanitary sewer services collected within the Utility Fund (600).

### TV & Clean (Storm)

- *Description* – Annually the Village cleans a portion of its storm sewers and then runs a camera through them to check for deficiencies. This process helps to identify weak spots or failures in the system that allow for inflow and infiltration.
- *Years* – All
- *Funding* – Charges for sanitary sewer services collected within the Stormwater Utility Fund (605).

### Tractor

- *Description* – Light duty vehicle utilized in different capacities for grounds maintenance and other support.
- *Year(s)* – 2030.
- *Funding* – Borrowed money within the Capital Projects Fund (400).

## Department of Public Works (continued)

### Trailer

- *Description* – Trailers used to haul mowers and other Public Work’s equipment, have never been included in a replacement plan. They have been added to the Fleet replacement plan, starting in 2025. Of the seven trailers, five are scheduled for replacement or upgrade over the next five years. Trailers will have a 15-year useful life.
- *Years* – 2026, 2027, 2028, and 2029.
- *Funding* – Combination of funds within Capital Projects Fund (400), Utility Fund (600), and Stormwater Utility Fund (605).

### Trench Box

- *Description* – A trench box is used during excavation to fix underground utilities. As you dig deep into the group, it is placed in the hole that is created to hold the sides up from caving in. We presently only have one available for use and a second one would make response to underground issues more flexible.
- *Years* – 2027
- *Funding* – Combination of funds within Utility Fund (600) and Stormwater Utility Fund (605).

### Truck Crane

- *Description* – A crane for the back of the Utility vehicle to lift manhole covers, storm grates and water and sewer pipes. This is to prevent injuries to staff and to assist in loading supplies. The crane has a 25-year life and can be moved to new vehicles.
- *Years* – 2026
- *Funding* – Combination of funds within Utility Fund (600) and Stormwater Utility Fund (605).

### USH 51 Seg 6 (Build)

- *Description* – WisDOT has will have completed Segment 7 of the USH 51 reconstruction project in 2025. Segment 6 is planned to being in the Winter of 2026/2027 to be completed by the end of 2027. The Village’s costs are tied to cost sharing agreements for lighting, pedestrian accommodations, and streetscaping.
- *Year(s)* – 2026 and 2027.
- *Funding* – Borrowed money within the Capital Projects Fund (400) and tax increment districts.

### Water Tower (Holscher)

- *Description* – Consideration for cleaning and repainting the water towers to keep up with their exterior maintenance requirements. Burma Road tower was completed in 2023 and Holscher Road tower will be completed in 2026.
- *Year(s)* – 2026.
- *Funding* – Cost is paid for by water funding within the Utilities Fund (600).

## Department of Public Works (continued)

### Well #3

- *Description* – Well #3 is in need of some structural repairs. This funding would study and design those repairs to the facility in order to improve its functionality. Implementation will happen in future years.
- *Year(s)* – 2030 (Design).
- *Funding* – Funds are provided through water charges for service within the Utility Fund (600).

### Well #5

- *Description* – Planning for the construction of a new well on Prairie Wood Drive where the utility owns land for this service. It would expand our current capacity and allow for additional growth to the East.
- *Year(s)* – 2025 (Design) and 2025/2026 (Construction).
- *Funding* – Cost is paid for by water funding within the Utilities Fund (600).

# McFarland Capital Improvement Program (CIP)

## 2026 – 2030

### Senior Outreach

#### Planned Projects:

##### Small Capital

- *Description* – The Department is provided funds for small capital items within the office including furniture, equipment, and other supplies as needed.
- *Years* – All.
- *Funding* – General revenues within the General Fund (100).

# McFarland Capital Improvement Program (CIP) 2026 – 2030

## Library

### Planned Projects:

#### Computer – Gaming

- *Description* – This is a special computer referred to as the AWE Afterschool Edge Computer for Kids. This computer is geared towards use by kids by providing a digital learning solution for out of classroom use. While it provides for gaming opportunities, it is also a resource that provides content that is educationally based helping to support literacy and other academics.
- *Year(s)* – 2026 and 2027.
- *Funding* – General Revenue within the Capital Projects Fund (400).

#### Computer – Workstation(s)

- *Description* – Includes funds to replace both computers used by the public for either adults, teens, or children and those used by Staff on an annual basis.
- *Year(s)* – All.
- *Funding* – General Revenue within the Capital Projects Fund (400).

#### Lighting Improvements

- *Description* – The Library studied power needs and other electrical issues in 2025. It found that the wiring for the lighting was not installed properly requiring its need to be replaced. Additionally, the acoustical tiles to limit echoes and other noise are in need of replacement.
- *Year(s)* – 2026.
- *Funding* – Borrowed money within the Capital Projects Fund (400).

#### Self Check Replacement

- *Description* – The Library offers several areas for patrons to check out their materials on their own without Staffing assistance. The funding for this purpose would be used to replace existing devices that are currently being utilized.
- *Year(s)* – 2027.
- *Funding* – Borrowed money within the Capital Projects Fund (400).

## Library (continued)

### Signage (Digital)

- *Description* – Changing or upgrading the existing digital signs within the facility. Possibly adding other options within the meeting room spaces.
- *Year(s)* – 2026.
- *Funding* – Borrowed money within the Capital Projects Fund (400).

### Signage (Exterior)

- *Description* – Look to update the existing exterior signage and consider adding a digital element.
- *Year(s)* – 2026.
- *Funding* – Borrowed money within the Capital Projects Fund (400).

### Small Capital

- *Description* – The Department is provided funds for small capital items within the office including furniture, equipment, and other supplies as needed.
- *Years* – All.
- *Funding* – General revenues within the General Fund (100).

### Space Needs Study

- *Description* – The Library conducted a Space Needs Study in 2020 that was completed in 2021. Additionally, they participated within the Village’s Campus Master Plan Study with the Municipal Center that was completed in 2023 and were part of the design process for the Municipal Center that was paused in 2024. Similar to that of the Municipal Center, they wish to revisit their assumptions from the prior study and continue to align with the various facility plans of the Village.
- *Years* – 2026.
- *Funding* – General revenues within the General Fund (100).

# McFarland Capital Improvement Program (CIP) 2026 – 2030

## Parks

### Planned Projects:

#### Bathroom (Design/Build)

- *Description* – The Committee has desired to induce more public restroom opportunities within the system. These are standalone bathroom facilities meant to fill in gaps where portable restrooms are presently utilized. Highland Oaks was completed in 2025 and Egner Park is being studied in conjunction with a larger project to rehab the adjacent well facility.
- *Year(s)* – 2027 and 2029.
- *Funding* – Impact Fees collected within Parks Fund (405).

#### Brandt Park

- *Description* – The ball diamonds at Brandt Park need to be re-contoured for drainage and safety reasons and the backstops need to be replaced. A new offstreet parking lot could also be considered for construction.
- *Year(s)* – 2029 and 2030.
- *Funding* – Borrowed money within the Capital Projects Fund (400).

#### Community Park

- *Description* – The Village purchased the property for the Community Park in 2019 and completed a Master Plan in 2021. Phase 1 for the park was completed in 2023 to conduct mass grading and install an irrigation system. Design work for Phase 2 began in 2024 for implementation to begin in 2025. The second phase will include construction of the parking lot and shelter. Future phases will include a maintenance shed, playground, and surrounding restoration. The park likely becomes operational for use in 2026 with this work.
- *Year(s)* – 2027, 2029, and 2030..
- *Funding* – Borrowed money and impact fees collected within Parks Fund (405).

#### Court Replacement x 6

- *Description* –
- *Year(s)* – 2027.
- *Funding* – Borrowed money within the Capital Projects Fund (400).

## Parks (continued)

### Egner Park Facility (Well #4)

- *Description* – Egner Park is currently supported by a playground structure, basketball court, and green space with some covered shelter associated with well maintained by the water utility. This facility is envisioned for replaced in partnership between parks and the water utility to continue to provide for the shelter but also add restrooms. A new facility would be designed for this purpose as a shared expense between both funds helping to modernize the well and also improve park amenities.
- *Year(s)* – 2027 (Design) and 2028 (Build).
- *Funding* – Borrowed Money within the Capital Projects Fund (400).

### Maintenance (Conservancy)

- *Description* – The Village completed a new conservancy plan in early 2024 that provided recommendations to improve the maintenance within these natural areas as well as their functionality. The funding provided is to work through the plan each year. In 2026, we would focus on removing dead trees around property boundaries.
- *Year(s)* – 2025.
- *Funding* – Borrowed money within the Capital Projects Fund (400).

### McFarland Park

- *Description* – A new master plan for McFarland Park was accepted in 2021. These plans recommended transitioning soccer to the new Community Park and repurposing fields they vacated for new uses. Prior to this point, pickleball and a new skate park have been implemented. Future phases of this work envision additional amenities for basketball, baseball, playground, aquatics, trails, and more. The current 5 year Capital Improvement Plan presents a scenario where improvements at the Community Park will be completed in 2029 allowing a transition for soccer as soon as 2027 as one example, could be sooner or later depending on amenity need and implementation progression. Funding in the current 5 year plan accounts for remaining financial obligations within the existing park shelter with remaining improvements after 2029 until soccer has fully transitioned.
- *Year(s)* – 2026 (Design), 2027 (Build), and 2030 (Build).
- *Funding* – Borrowed money within the Capital Projects Fund (400).

### Mower

- *Description* – This would be a wide format mower that would be dedicated for use at the Community Park. The Village will be in need of it on a regular basis within this park as a majority of it is grass and green space for soccer fields. The 2026 purchase is for an additional mower and the 2029 purchase is a replacement of an existing parks specific mower.
- *Year(s)* – 2027 and 2029.
- *Funding* – Borrowed Money within the Capital Projects Fund (400).

## Parks (continued)

### Park Equipment

- *Description* – Money set aside annually to be used for general park improvements through the use of fees collected within new developments. Additional soccer goals for Community Park, safety netting at Brandt Park and batting cage nets at the curling club, laptop for staff in the field and a roof for the shelter at Woodland Estates, are planned in 2026.
- *Year(s)* – All.
- *Funding* – Impact Fees collected within Parks Fund (405).

### Pedestrian Ways (Trails)

- *Description* – Annual funds to repair and replace sidewalks, bike paths, and other pedestrian ways. Future year projects will include various opportunities for maintenance within and expansion of the trail network where applicable.
- *Year(s)* – All.
- *Funding* – Borrowed money within the Capital Projects Fund (400).

### Playground (Construction)

- *Description* – Every other year, the Village looks to replace and/or repair certain park amenities and play structures as well as park signage as needed. Cedar Ridge would be considered for 2026, and Lewis Park in 2028. The Parks and Recreation Committee will continue to review these locations and make recommendations to the Village Board regarding their implementation.
- *Year(s)* – 2026, 2028, and 2030.
- *Funding* – Impact Fees collected within Parks Fund (405).

### Property Acquisition

- *Description* – Annually this is held as a placeholder depending on needs and opportunities that may arise. No acquisitions are presently targeted within this 5 year plan.
- *Year(s)* – All.
- *Funding* – Borrowed Money within the Capital Projects Fund (400).

### Small Capital

- *Description* – The Department is provided funds for small capital items within the office including furniture, equipment, and other supplies as needed.
- *Years* – All.
- *Funding* – General revenues within the General Fund (100).

# McFarland Capital Improvement Program (CIP) 2026 – 2030

## Community Development

### Planned Projects:

#### Comprehensive Outdoor Recreation Plan (CORP)

- *Description* – An update to the Village’s 2025-2029 Outdoor Recreation and Open Space Plan. This plan analyzes the Village’s current system of parks, trails, and open space and sets forth the Village’s vision, goals, and action steps for future improvement projects. The plan is updated every five years to remain eligible for WDNR recreational grant funding.
- *Years* – 2030.
- *Funding* – Borrowed money within the Capital Projects Fund (400).

#### Comprehensive Plan

- *Description* – The Village is required under Statutes to update its Comprehensive Plan every 10 years. The existing plan was adopted August 28, 2017. The existing plan includes those elements as described under Stat. 66.1001. The plan is used to guide future land use related decisions with the Village and its extraterritorial plan review jurisdiction.
- *Years* – 2026 & 2027
- *Funding* – Borrowed money within the Capital Projects Fund (400).

#### Gateway/Wayfinding Signage

- *Description* – Working on a plan to update the layout, mapping, design, and finalize installation of new wayfinding signs throughout the Village. Finalize the bid documents and install two US 51 gateway sign replacements. Conceptual designs were completed and accepted by the Village Board in 2022 for replacing the two existing US 51 gateway signs. Final bid documents and installation were postponed to align with WisDOT reconstruction of US 51.
- *Years* – 2028.
- *Funding* – Costs allocated to TID #5 Fund (315) and TID #6 Fund (320).

#### Property Acquisition

- *Description* – From year to year there are likely opportunities that we will consider for property acquisition, outside of approved TIF Districts, in order to advance economic development objectives of the Village. These items will be on a case by case basis likely for properties on and off the market.
- *Years* – All.
- *Funding* – Likely borrowed money within the Capital Projects Fund (400).

## Community Development (continued)

### Small Capital

- *Description* – The Department is provided funds for small capital items within the office including furniture, equipment, and other supplies as needed.
- *Years* – All.
- *Funding* – General revenues within the General Fund (100).

### Sinking Fund

- *Description* – Annual contribution towards savings for the future replacement of the Building Inspector's vehicle.
- *Years* – All.
- *Funding* – General revenue within the Capital Projects Fund (400).

### Sustainability Plan & Comprehensive Energy Plan

- *Description* – An update to the Village's 2021 Sustainability Plan and 2023 Comprehensive Energy Plan for municipal buildings, equipment and fleet vehicles. The Sustainability Plan provides indicators, goals and actions items grouped into topics including Energy, Transportation, Solid Waste, Water, Land Use & Development, and Community Health. The Comprehensive Energy Plan tracks the Village's existing and projected carbon emissions and provides recommendations to reduce the Village's carbon footprint.
- *Years* – 2030.
- *Funding* – Borrowed money within the Capital Projects Fund (400).

### TID Planning

- *Description* – Work consists of evaluating opportunities for creation of new Tax Increment Finance Districts or expansion of existing districts as opportunities present themselves. The objective is to increase economic development and grow/retain existing businesses within the spirit of the Community.
- *Years* – 2026, 2027, and 2028.
- *Funding* – Combination of general revenues and borrowed money within the Capital Projects Fund (400).

### Zoning Code

- *Description* – A comprehensive update to the Village's Zoning Code resulting in the repeal of the existing Code and enactment of a replacement Code, including updates to the Official Zoning Map as necessary.
- *Years* – 2028
- *Funding* – Borrowed money within the Capital Projects Fund (400).

**CAPITAL  
IMPROVEMENT  
PLAN (CIP)**

Appendix C

Paving and  
Utility Plan

**Village of McFarland**  
**Pavement and Utility Infrastructure Improvement Plan**  
 Revised: 6/18/25

- Notes:  
 1. Costs shown assume scope action described, and will need adjustment if scope is changed.  
 2. Project costs assume that 35% of street replacement costs for projects that include water main replacement will be funded by the Water Utility.  
 3. Project costs assume 25% curb replacement.  
 4. Previous iterations of this document have been accepted by the Village Board. This is a living document and as such is continually updated as additional project details become known.  
 5. All costs shown are in current date dollars. No inflation has been applied.

Year	Street	From	To	Action	PROJECT COSTS										General Comments		
					Street	TIF/TID Street	Sewer Utility	Water Utility Infrastructure	Storm Utility	TIF/TID Non-Street	Pedestrian	Off-Street Sewer	Off-Street Water	Off-Street Storm		Total	
2026	Creamery/Elvehjem Road/Bashford Street	Exchange Street	Country Walk Lane	Rural Conversion, Paving and Utility Rehabilitation	\$763,400			\$59,400	\$388,200							\$1,211,000	This project is partially funded by a LRIP Supplemental Grant of \$400,000. The amount shown in the table reflects Village obligations.
2026	USH 51 WM Crossing (Dale-Dale)	Dale Rd Xing & along USH 51		Water Main Replacement				\$226,500								\$226,500	Pair with Dale Curtian and Dale Rd
2026	Dale Curtian Rd	USH 51	Termini	Pavement Replacement	\$87,500											\$87,500	Pair with WM Crossing
2026	Dale Rd	Lake Edge Rd	USH 51	Pavement and Utility Rehabilitation	\$60,900			\$161,600								\$222,500	Pair with WM Crossing
2026	Babcock Channel WM Crossing	W ROW USH51	South Ct	Water Main Extension				\$192,400								\$192,400	
2026	Lee South Court	Siggelkow	Termini	Pavement Replacement	\$49,000											\$49,000	
2026	Sig Ct	Siggelkow	Termini	Pavement Replacement	\$24,000											\$24,000	
2026	Mansion Circle	Siggelkow	Termini	Pavement Replacement	\$87,000											\$87,000	
2026	Kowel Ct	Mansion Circle	Termini	Pavement Replacement	\$21,000											\$21,000	
2026	Freeway Ct	CTH AB	Termini	Pavement Replacement	\$77,000											\$77,000	
2026	Fjelstad Ln	CTH AB	Freeway Ct	Pavement Replacement	\$13,000											\$13,000	
2026	Farwell @USH51	Farwell	Farwell St					\$25,000								\$25,000	This project is sanitary sewer relocation work
2026		Osborn Drive	Milwaukee St	Path Resurfacing												\$52,900	
2026	Taylor Road Path	Terminal Drive	Larson Beach Road	Path Resurfacing												\$117,300	
2026	Various			Sidewalk Replacements												\$100,000	
2026	Various			Hydrant Repairs and Replacements				\$60,000									
2026	Off-Street			Highland Oaks Retention Pond Maintenance										\$247,000		\$247,000	
2026	Off-Street			Farwell Lagoon Maintenance										\$181,000		\$181,000	
2026	Off-Street			Well 5- New Construction									\$4,200,000		\$4,200,000	The Village completed a Water System Needs Assessment in 2023. This study projected that water usage rates would require the construction of a new well and house in 2024-2026.	

PROJECT COSTS

Year	Street	From	To	Action	PROJECT COSTS									General Comments		
					Street	TIF/TID Street	Sewer Utility	Water Utility Infrastructure	Storm Utility	TIF/TID Non-Street	Pedestrian	Off-Street Sewer	Off-Street Water		Off-Street Storm	Total
2026	Off-Street			Well 4 Rehabilitation- Preliminary Design									\$175,000	\$175,000	The wells were reviewed in 2019 with WNDR staff. Several items were identified during the inspection, including: the pumps need to be pulled and inspected, piping needs painting as a means of protection from sweating, entry point sample taps are needed, A/C as a means of climate and humidity control is preferred, separate chemical room needs to be constructed, the vent is undersized and needs to be replaced, and significant electrical upgrades are required. The scope of this project is to address all of these issues, replace most of the well house itself to provide room for a generator and working space, replace all corroded electrical/controls, and remove the right-angle backup engine.	
2026	Off-Street			Holscher Water Tower									\$500,000	\$500,000	An inspection of the tower was performed in June of 2020 by Lane Tank Company. The results of the inspection included maintenance and painting recommendations with cost estimates. The total cost in this item includes addressing all maintenance and code items identified in the inspection as well as a full repainting of the interior and exterior of the tank. The exterior painting work would include provisions for full containment of overspray as well as the addition of a "McFarland" logo.	
<b>Year Total</b>					<b>\$1,182,800</b>	<b>\$0</b>	<b>\$25,000</b>	<b>\$699,900</b>	<b>\$388,200</b>	<b>\$0</b>	<b>\$270,200</b>	<b>\$0</b>	<b>\$4,875,000</b>	<b>\$428,000</b>	<b>\$7,809,100</b>	

PROJECT COSTS
